We have a new administrative office!

November 2016

After years of working out of garages, meeting at coffee shops and sending countless emails to coordinate schedules - WeSNiP has a new office! The staff is so excited to have a place to work together, as well as a space to store cat carriers and more. It took some work to get the office move-in ready. Staff member Chris said the walls were a burnt orange and periwinkle blue. It is now a gray, white and a WeSNiP color scheme that the staff loves.

It's decorated with items from past garage sales and furniture from Craigslist. The space also has unique finds like a Hello Kitty telephone and a custom cat painting from Chris' neighbor. Chris' passion for design really shows in each item and piece of artwork.

It's apparent what everyone's favorite part is though.

"We finally got an office!" Chris said. "And we created it to suit our needs and personalities. I get to see my coworkers more than once a week and we now work in a much more organic way."

The administrative office is located at 2505 Cedarwood Ave. Suite 3, Bellingham WA 98225. Office hours are 10 a.m. to 2 p.m. Monday through Friday, or by appointment.

SNiP of the Month! **Stella the Pit Bull**

Stella the pit bull always has a smile on her face and her ears pointed to the sky.

Even though she had a difficult past, she is completely in love with her new family, as well as kids, cats, puppies and anyone else she meets. On top of that, her family says she's the best snuggler.

Now that Stella has been fixed with help from WeSNiP, she doesn't have to worry about any unwanted litters in the future!

Attention Community Cat Caretakers!

This program is made possible through the support of WeSNiP's *Not Your Average Garage Sale* customers who give five for the cats! Each shopper gives either five dollars or five cans of cat food, in order to gain early bird access to the sale! In turn, in our effort to support colony caretakers who are providing daily food, water and shelter for community/free-roaming cats, WeSNiP is able to give a little additional help from ***time-to-time*** by *providing* food for the cats.

Both kibble and canned cat food are available. In order to qualify to receive food for your community/free-roaming cats, applicants must be residents of Whatcom County, provide photo ID with full name and address, and all cats must be spayed/neutered cats or the caretaker must be willing to complete the Trap-Neuter-Return (TNR) process with WeSNiP.

If you meet these basic guidelines,

please e-mail info@wesnip.org or call 360.733-6549
for more information and to schedule an appointment for pick-up.

Distribution is based on a first come, first serve basis.

WeSNiP cannot guarantee:

- Same food every month
- Supply of food every month

Donations are always welcome, at any time, in the form of dry or canned cat food. Open bags of cat food can be accepted as well.

WeSNiP reserves the right to limit or deny service.

Total Surgeries: 16,367
