

WeSNiP Spay and Neuter Services Are Temporarily Suspended

June 15, 2020 update

WeSNiP's spay and neuter services are suspended. We have made the difficult decision to temporarily suspend our spay and neuter services because of the coronavirus pandemic. This includes the WeSNiP ReSale and all incoming donations for the sale. We are closely monitoring the planned phased reopening of businesses, and once we can safely reopen our program our priority will be to reschedule cancelled appointments. We are also in communication with our clinic partners and other programs, as everyone has been affected during this time and has limited appointment availability.

In the meantime, you can inquire about financial assistance for the cost of spay/neuter surgery with the **Alternative Humane Society (AHS)** at <https://alternative-humane-society.com/spay-neuter-vouchers/>. You may qualify for a voucher that will help offset the cost of the surgery for your dog or cat.

The decision to suspend our services was not made lightly, and we look forward to helping our clients as soon as we're able, as we know our program provides an important service to our community.

Thank you for understanding and please stay safe and healthy!

For financial assistance during this time contact:
